## EDUCATION

---

COLLEGE OF ENGINEERING TRIVANDRUM  
BTech, Computer Science and Engineering

2022 - present  
Current GPA:8.73/10.0

PTM HSS VELLILA  
Higher Secondary

2019-2021  
Percentage : 99.50

## PROJECTS

---

### Sensify.AI (Zilckathon Second Prize)

[Link to project](#)

Sensify.ai helps blind individuals navigate their surroundings with real-time visual descriptions and voice-guided navigation. Powered by advanced computer vision and NLP, it ensures seamless accessibility.

### Malayalam Movie Recommendation System

[Link to project](#)

Sophisticated Malayalam movie recommendation system leveraging IMDB data and similarity algorithms

### PowerMate Energy Meter (Group Project)

[Link to project](#)

Project using arduino which track energy usage for each individuals.

## PROGRAMMING LANGUAGES AND TOOLS

---

Python , Tensorflow , Flask , Java , C , C++

HTML , CSS , Javascript , Bootstrap , Node.js , Epress , Mongoddb , React

## CERTIFICATIONS

---

### Machine Learning Workshop TATHVA'22

[Verify certificate](#)

Machine Learning Workshop as a part of TATHVA'22 in October 2022.

### Supervised Machine Learning: Regression and Classification

[Verify certificate](#)

Supervised Machine Learning: Regression and Classification on Coursera.

## EXPERIENCE

---

### BHOOTI Backend Intern

Assisted in the team effort to create a website in a regional language utilizing HTMX technology.

### IEEE Webteam Member

Collaborated with the team on the development and upkeep of the IEEE website.

### GDSC AI Lead

Led the AI division of the Google Developers Club at the College of Engineering Trivandrum.

### JustTink Facilitator

Provided guidance and direction to participants of JustTink as they ventured into the world of Node.js.
