EDUCATION

COLLEGE OF ENGINEERING TRIVANDRUM	2022 - present
BTech, Computer Science and Engineering	Current GPA:9.36/10.0
PTM HSS VELLILA	2019-2021
Higher Secondary	Percentage : 99.50

PROJECTS

E-Commerce Website   Link to project

E-Commerce website is built using Node.js, express with mongodb atlas cloud database.

Youtube Downloader   Link to project

Youtube downloader software is built with python pytube module and tkinter gui.

Real Estate Price Prediction   Link to project

Real estate price prediction website using machine learning with flask server.

Realtime Object Detection   Link to project

Object detection using Tensorflow and pretrain model vgg16.

PowerMate Energy Meter (Group Project)   Link to project

Project using arduino which track energy usage for each individuals.

SKILLS

Python Tensorflow Flask
Java C C++
HTML CSS Javascript Bootstrap
Node.js Epress Mongodb React

CERTIFICATIONS

Machine Learning Workshop TATHVA'22   Verify certificate

Machine Learning Workshop as a part of TATHVA'22 in October 2022.

Python Crash Course   Verify certificate

Python crash course on coursera. The course includes a final project named word cloud project.

Supervised Machine Learning: Regression and Classification   Verify certificate

Supervised Machine Learning: Regression and Classification on Coursera.
